

Compliance action taken for childcare provision

Ref: 144055/5147192

Date: 23 June 2022

Summary of outcome

Our reference: 5147192/ 144055

All early years providers must meet the legal requirements in the Statutory [framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 April 2022, the provider notified us of a significant event that occurred at the setting. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events and changes.

On 15 June 2022, we carried out a regulatory telephone call. We found the provider was not meeting all the requirements. We have issued actions for the provider to take.

Action needed by 6 July 2022:

- ensure correct procedures are followed in the event of an allegation being made against a staff member, in order to reduce the risk of harm to children
- ensure all staff understand safe practice, including how to handle children safely to keep them safe
- ensure the arrangements for the supervision, coaching and training of staff are effective to help them understand their roles and responsibilities
- implement effective arrangements to respond to children when they are unwell, including seeking urgent medical help to support children's health and safety
- improve knowledge and understanding of significant changes and events to notify Ofsted and ensure these are reported within the required timeframe.

On 5 July 2022, the provider informed us about the steps that they had taken to meet these actions. We are satisfied with the provider's response.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
