

Compliance action taken for childcare provision

Ref: 2597269/5157305

Date: 14 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 04 May 2022, we carried out an inspection and found the provider was not meeting some of these requirements. The details can be found in the published inspection report. Following the inspection, we served a welfare requirements notice. This is a legal notice that requires the provider to take the actions listed in the report within the timescale set out. The provider will be able to give parents further information about this.

On 16 June 2022 we carried out a regulatory visit. We found that the provider had not met all of the actions set in the welfare requirement notice. We have served another welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 11 July 2022

- complete risk assessments that identify potential hazards to children's health and safety and train staff to understand and mitigate risks
- develop knowledge and understanding of the 'Statutory framework for the early years foundation stage'
- support staff to develop their knowledge of the 'Statutory framework for the early years foundation stage' and to gain a better understanding of their roles and responsibilities
- put in place appropriate arrangements for all staff to receive regular supervision meetings to help identify specific training needs and foster a culture of continuous improvement.
