

## **Complaint about childcare provision**

Ref: EY536919/5162331

Date: 18 July 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 18 May 2022, we received concerns that the provider was not meeting some of these requirements.

On 8 July 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

We found that the provider had developed healthy menus so that food available for children to eat is varied and nutritious. We found that the provider had implemented systems to improve partnership working with parents. We also found that the provider had improved how staff monitor children's learning and development and had enhanced the quality of resources available for children to play with and learn from.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted

### **Publication of complaints**

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and](#)

complaints about childminders and childcare providers leaflet.
