

Compliance action taken for childcare provision

Ref: 2567271/5181241

Date: 19 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2>. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 June 2022, the provider notified us of a safeguarding matter. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises to look after children.

On 30 June and 5 July 2022, we carried out regulatory telephone calls. We found that the provider had taken action to meet some of the requirements. The provider now maintains a record, as required, of the home address and telephone number of anyone who will regularly be in unsupervised contact with the children.

We also found that the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 29 July 2022:

- maintain and implement appropriate procedures to ensure the ongoing suitability of staff, including agency staff
- maintain a record of any instances of physical intervention, where it is absolutely necessary to manage children's behaviour and to keep them safe.

On 15 July 2022 the provider sent us a response to the actions. We reviewed the response and are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
