

Compliance action taken for childcare provision

Ref: 208952/5127109

Date: 22 July 2022

Summary of outcome

All early year's providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 01 April 2022, we received concerns that this provider was not meeting some of these requirements.

On 15 July 2022 and 22 July 2022, we had a discussion with the provider. We found the provider had failed to notify Ofsted of a significant event within the required timeframe, which is a requirement of their registration.

The provider has since demonstrated that they are aware of what information needs to be notified to Ofsted. We are satisfied that the provider will inform Ofsted of any notifiable changes in the future.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
