

Compliance action taken for childcare provision

Ref: 206109/5131686

Date: 11 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 June 2022, we carried out an inspection and found that the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 6 July 2022, we carried out a welfare requirements notice monitoring visit. We found that the provider had met the action due by 24 June 2022. The provider had ensured that staff have a suitable knowledge of child protection including how to recognise and manage concerns.

On 25 July 2022, we carried out a welfare requirements notice telephone call. We found that the provider had met the action due by 22 July 2022. The provider has reviewed and improved the procedures for the storage and transfer of information to ensure it is secure.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
