

Compliance action taken for childcare provision

Ref: EY393455/5201889

Date: 26 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 June 2022, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 12 July 2022, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection. We found the provider had met the safeguarding and welfare actions. They have addressed the risks in the garden and have removed these. The provider shows a stronger understanding of risk assessment. She has reviewed procedures to reduce the risk of cross infection. The provider ensures she records children's attendance each day on her register. She has accessed further training and have used the information gained from this to improve the experiences for children in her care.

The provider is still registered with Ofsted.
