

Compliance action taken for childcare provision

Ref: EY262606/5145988

Date: 26 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 April 2022, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 12 May 2022, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 2 June 2022:

- ensure children are adequately supervised at all times
- improve the knowledge and understanding of all staff and managers of how to identify concerns of a safeguarding nature
- ensure effective risk assessments are in place to identify and remove or minimise risks
- ensure that children's behaviour is managed in an appropriate way to support their well-being
- improve knowledge and understanding of the changes that must be notified to Ofsted
- ensure that Ofsted is provided with the necessary information to carry out suitability checks on all members of the committee

On 7 June 2022, we completed a monitoring visit. We found that the provider had reviewed the supervision of children to ensure children are adequately supervised at all times. The provider had improved their knowledge and understanding of child protection procedures and now fully understands their responsibilities. The provider had improved risk assessments to ensure any risks within the environment are removed or minimised. Staff have received behaviour management training. The provider has improved their knowledge

and understanding of the changes that must be notified to Ofsted. The provider has provided Ofsted with the necessary information to carry out suitability checks on all members of the committee.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
