

Compliance action taken for childcare provision

Ref: EY481207/5196402

Date: 28 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 July 2022, we attempted to carry out a full inspection. We found the provider was not meeting some of the requirements. The provider had not implemented effective risk assessment practice, with particular regard to the possible danger posed from trees in close proximity to the setting. We were unable to complete the inspection and suspended the provider's registration on 15 July 2022. On 28 July 2022, we lifted the suspension because the provider took appropriate action to minimise the risk of harm to children. The provider has improved risk assessment and has removed or minimised risks posed by nearby trees.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
