

Compliance action taken for childcare provision

Ref: 2668813/5209965

Date: 21 July 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 July 2022, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any serious accidents or injury to a child while in their care and of any action taken.

On 19 July 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to improve some matters. The provider had reviewed risk assessment procedures to help ensure all potential risks in the environment were removed. The provider held meetings with staff to discuss the importance of effective supervision of children. This included the importance of better communication with colleagues, especially when they are taking time away from directly supervising the children. The provider will be able to give parents further information about this.

We have issued an action for the provider to take.

Actions needed by 9 August 2022:

- ensure staff summon emergency help and understand instructions such as those for the safety of medicines, in particular what action to take if medicine is accidentally administered.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
