

Compliance action taken for childcare provision

Ref: EY500662/5155579

Date: 14 August 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 February 2022 the provider notified Ofsted of an accidental injury to a child. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any serious childcare incidents.

On 11 May 2022 Ofsted received concerns linked to the incident.

On 14 May 2022 we carried out a regulatory telephone call and we asked the provider for further information. We reviewed the information provided and on 9 August 2022 we carried out an unannounced regulatory visit.

We found the provider was not meeting some of the requirements and had already taken action to put this right. The provider had carried out an investigation into the incident and the concerns raised with them. They took action to respond to a breach in the nursery's accident recording and reporting procedures and an occasion when a child's care was not tailored to their individual needs.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
