

Compliance action taken for childcare provision

Ref: 508583/5226494

Date: 19 August 2022

Summary of outcome

All providers registered on the compulsory and voluntary parts of the childcare register must meet the legal requirements. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 August 2022, the provider notified us of a serious accident. The notification means that the provider met their legal responsibility as set out in the Childcare Register requirements to notify Ofsted of the death of or serious accident or serious injury to, a child which takes place whilst they are receiving later years provision or provision.

On 11 August 2022, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 19 August 2022:

- ensure children's days and times of attendance are recorded.

Following receipt of additional information, it was also found that there has not been a person with a current first aid certificate present on the premises at all times. An additional action was issued.

Actions needed by 26 August 2022:

- ensure at least one person working with children has an appropriate first aid qualification.

The provider took appropriate steps to address the actions.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.
