

Compliance action taken for childcare provision

Ref: EY307729/5222403

Date: 1 September 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publication/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure that they put matters right.

On 15 July 2022, we received concerns that the provider was not meeting some of these requirements.

On 22 August 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had carried out a thorough review of and updated their medication policy. They had improved their record keeping in relation to administering medication and re-trained their staff to understand and adhere to the medicine procedures.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be
