Date: 8 September 2022

Summary of outcome

Date: 6 September 2022

Our reference: 5183716/ 2646447

All early years providers must meet the legal requirements in the statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 June and 10 August 2022, the provider notified Ofsted of two significant events that had occurred at the setting. These notifications mean that the provider met their legal responsibility as set out in the Statutory framework of the early years foundation stage to notify Ofsted of significant events and changes.

On 5 September 2022, we carried out a regulatory telephone call to look into these concerns. We found that the provider was not meeting all the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Action needed by 19 September 2022:

- ensure staff follow robust safeguarding policies and procedures, including undertaking effective risk assessment to assure the safety and well-being of children

- improve arrangements for the supervision and training of staff to help them understand their roles and responsibilities

- deploy staff effectively to supervise children's play and learning, and ensure that all children are accounted for, at all times.

On 13 September 2022, the provider responded to the actions set. We found that the provider had improved the arrangements for the supervision and training of staff to help ensure that safeguarding procedures are followed consistently.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
