

## **Compliance action taken for childcare provision**

Ref: 221881/5183472

Date: 20 September 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 14 June 2022 we received concerns that this provider was not meeting some of these requirements.

We asked the provider to take action to inform Ofsted of all changes to the names of the people who make up the membership of the pre-school committee and necessary information to allow Ofsted to complete relevant suitability checks.

We are satisfied with the action taken by the provider, as they have now provided the necessary information.

The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
