

Complaint about childcare provision

Ref: EY548911/5249089

Date: 23 September 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 September 2022, we received concerns that the provider was not meeting some of these requirements. On 8 September 2022, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 16 September 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has reviewed and updated their procedures and has put additional measures in place to ensure they are effectively acting on information from parents about children's dietary needs.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
