

Compliance action taken for childcare provision

Ref: EY454575/4888530

Date: 26 September 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 8 September 2021, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted.

On 23 September 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has undertaken a detailed review of their risk assessment procedures. All staff have received updated training and attended team meetings to ensure that they have a clear understanding of how to identify and remove potential risks to children, particularly when on outings. Staff now fully understand the importance of closely supervising children at all times and deploying themselves appropriately to keep children safe. When on outings there are now more staff present to ensure children can be well supervised. This increased staffing, and closer supervision means that children are always kept in sight and/or hearing.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
