

Complaint about childcare provision

Ref: 101857/5249675

Date: 6 October 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 September 2022, we received concerns that the provider was not meeting some of these requirements.

On 4 October 2022, we carried out a regulatory telephone call. We found that the provider had failed to notify Ofsted of a significant event, which is a requirement of their registration. The provider had not notified us about an allegation made against a member of staff. The provider is now aware of this requirement and will take action to report any potential allegations to Ofsted in the future.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.
