

Compliance action taken for childcare provision

Ref: EY481056/5275383

Date: 12 October 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 October 2022 the provider notified Ofsted that a child in their care had an allergic reaction after eating food provided by the nursery. This led to the child needing to attend hospital.

The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event.

On 11 October 2022 we carried out a regulatory telephone call to the provider. We found the provider was not meeting some of the requirements. The provider carried out an investigation into the incident and has taken action to put this right. They swiftly reviewed and reinforced procedures and working practices in order to minimise the risk of a repeat incident.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be

found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
