

Complaint about childcare provision

Ref: EY382547/5282525

Date: 25 October 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 20 October 2022, we received concerns that this provider was not meeting some of these requirements. The provider has since taken action to ensure that risk assessment procedures are strengthened, and staff are vigilant to ensure that children are always within sight and hearing distance. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.
