

## **Compliance action taken for childcare provision**

Ref: EY557181/5264869

Date: 27 October 2022

### **Summary of outcome**

Our reference: EY557181/ 5264869

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 Sep 2022, the provider notified us of a significant event. This notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant changes and events.

On 12 October 2022, we carried out a regulatory telephone call. We found that the provider had taken steps to improve staff deployment to help ensure that children are supervised effectively at all times.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
