

Compliance action taken for childcare provision

Ref: 510087/5285820

Date: 28 October 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 18 Oct 2022, the provider notified us that there had been a breach of safeguarding requirements, including reporting and recording concerns about children's safety and welfare. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of any significant events. On Friday 28 Oct 2022 we conducted a regulatory telephone call. The provider has put immediate measures in place to address the actions needed. This includes further staff training to ensure all staff follow the settings safeguarding procedures. We are satisfied with the action taken by the provider. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
