

Compliance action taken for childcare provision

Ref: EY456811/5287446

Date: 1 November 2022

Summary of outcome

On 25 October 2022 we received concerns that the provider was not meeting some of these requirements. On 31 October 2022, we carried out a regulatory telephone call. We found the provider had not ensured that they had a relevant first-aid certificate. The provider temporarily closed the provision while they attended a paediatric first aid course. We are satisfied with the action taken by the provider and no further action was required by Ofsted on this matter. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
