

Complaint about childcare provision

Ref: EY392322/5259526

Date: 2 November 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 September 2022, we received concerns that the provider was not meeting some of these requirements. We also received a notification from the provider of an incident which occurred on 16 September 2022, that a child had left the premises unsupervised. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 20 September 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had installed additional fencing and gates on the external boundary of the setting. The provider had also installed cameras and had reviewed their policies and procedures. We are satisfied with the action taken.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
