

Compliance action taken for childcare provision

Ref: EY295520/5300385

Date: 18 November 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 November 2022, the provider notified us of a change to the premises, which may affect the space available to children and the quality of childcare available to them. The notification means the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event. We also received concerns that the provider was not meeting some of these requirements.

On 17 November 2022, we carried out a regulatory telephone call. We found that the provider was not meeting some of the requirements and had taken action to put this right. The provider has worked with outside agencies, to ensure that the setting is fit for purpose and hygiene procedures are robustly implemented, in order to protect children's health. The provider has revised and updated the health and safety and risk assessment procedures. The provider has completed a thorough review of the policies and has ensured that all staff understand their role and responsibilities to ensure the environment is safe and suitable for childcare. The provider has focused staff training on developing their understanding of how to implement the nursery procedures.

The provider will be able to give parents further information about this. We are satisfied with the action taken by the provider.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
