

## **Compliance action taken for childcare provision**

Ref: EY243905/5183662

Date: 22 November 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 June 2022, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 12 July 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. For example, the provider has reviewed all risk assessments and has made the necessary improvements to minimise risk to children. Staff deployment arrangements have been updated to ensure children are appropriately supervised at all times. There are improved processes in place for accident recording and for sharing information with parents.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
