Monitoring inspection

Inspected under the social care common inspection framework

Information about this children's home

This home is run by a private organisation. It provides care for up to five children aged 11 to 18 with a range of complex needs. The aim of the home is to stabilise children's lives, nurture their potential and help them to progress to more independent living.

The manager registered with Ofsted in November 2022.

Inspection date: 2 November 2022

This monitoring visit

The purpose of the monitoring visit is to establish if the provider has made suitable arrangements for the home to resume operating following a three-month period of closure.

This children's home was judged good at the full inspection on 4 January 2022. The home was temporarily closed in August 2022 for refurbishment and new staff inductions.

The home continued to be registered with Ofsted. There have been no children living at the home since the three-month condition was set. External monitoring has continued and the responsible individual has kept Ofsted up to date about the developments at the home.

The new manager has recently registered with Ofsted.

The information from the provider demonstrates that they have the suitable resources to resume operation in line with the home's statement of purpose. The requirements and recommendations from the previous full inspection have been reviewed and met.
