

Compliance action taken for childcare provision

Ref: EY360154/5305677

Date: 15 December 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 November 2022, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of any person who cares for children.

On 21 November 2022, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements of the Statutory framework for the early years foundation stage. We served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 7 December 2022:

- ensure that staff looking after children are suitable to fulfil their roles, including consideration of their health and any other matters which may affect their suitability to care for children
- ensure robust arrangements are in place for assessing the suitability of staff when they are taking medication which may affect their ability to care for children, including seeking medical advice when needed.

We will monitor the provider's response to ensure the actions are successfully completed.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
