

## **Compliance action taken for childcare provision**

Ref: EY367319/5294713

Date: 15 December 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 November 2022 we received information from the fire service that raised concerns that the provider was not meeting some of these requirements.

On 15 December 2022, we carried out a regulatory telephone call. We found that the provider was previously not meeting some of the requirements, particularly in relation to safety. During our telephone call it was found that the provider had not notified of a significant event. This is a requirement of their registration.

The provider has taken action to rectify the concerns. On this occasion we took no further action because we believe the provider will meet the requirements for safety and the notification of significant events in the future. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
