

Compliance action taken for childcare provision

Ref: 2651985/5271947

Date: 19 December 2022

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 September 2022, the provider notified us of a significant incident that may affect their ongoing suitability. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises to look after children. However, the provider

We carried out regulatory telephone calls to the provider. We asked the provider to complete the following actions by 9 December 2022:

- develop a stronger understanding of current issues in safeguarding and how to recognise and respond to information which suggests a child or children may be at risk of harm
- ensure that you follow an appropriate policy, which is in line with guidance from the local safeguarding partners, to take swift and appropriate action to inform other relevant agencies of safeguarding concerns, including where there are allegations of harm made against yourself or a household member.

We are satisfied with the action taken by the provider.

The provider no longer registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
