

## **Compliance action taken for childcare provision**

Ref: EY280673/5288734

Date: 20 December 2022

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 October 2022, the provider notified us of a significant event. Although the provider did not make the notification within the required timescales, they are now fully aware of their legal responsibility as set out in the Statutory framework for the early years foundation stage.

On 19 December 2022, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. Those with designated safeguarding lead responsibilities have improved their understanding of following the safeguarding policies and procedures in a timely manner.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
