

Compliance action taken for childcare provision

Ref: EY550380/5285486

Date: 1 December 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 October 2022, we received concerns that the provider was not meeting some of these requirements.

On 21 November 2022 and 22 November 2022, we carried out regulatory telephone calls. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 31 December 2022:

- improve understanding of when to notify Ofsted of significant events which are likely to affect the suitability of any person who cares for children on the premises
- ensure that Ofsted is notified of changes to all contact details for the setting, with particular regard to the telephone number and email address.

We will monitor the provider's response to ensure the actions are successfully completed.

On 21 December 2022, the provider responded to the actions set. We found that the provider had improved their knowledge and understanding of their legal obligation to inform Ofsted of significant events. The contact details for the setting have been updated.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
