

Compliance action taken for childcare provision

Ref: EY103646/5289083

Date: 25 January 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 October 2022, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 10 November 2022, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

We found that the provider had taken steps to minimise potential risks in her home, has improved behaviour management strategies, and has reviewed what she records in her accident record. The provider has reviewed her practice to address individual needs when exceptions are being made to exceed the usual ratios.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted
