

Compliance action taken for childcare provision

Ref: EY464069/5216326

Date: 1 February 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 July 2022 the provider notified us of some significant events.

On 28 July 2022 we carried out a regulatory telephone call. We found that the provider had notified Ofsted of one of the significant events within the required timescale. However, she had failed to notify Ofsted of the other significant events within 14 days, which is a requirement of their registration. The provider is now clear about their responsibilities in relation to notifying Ofsted. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
