

## **Compliance action taken for childcare provision**

Ref: EY562223/5355938

Date: 26 January 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 January 2023, the provider notified us of a significant event relating to an injury to a child. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant changes or events.

On 26 January 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and have issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 02/02/2023:

- ensure that those responsible for safeguarding matters have a clear understanding of their responsibilities, including what constitutes an allegation and the reporting procedures to follow.

The provider subsequently took the appropriate action. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
