

Compliance action taken for childcare provision

Ref: EY352757/5331985

Date: 13 January 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19 December 2022, we received concerns that the provider was not meeting some of these requirements. On 21 December 2022, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted. We will monitor the provider's response to ensure the action is successfully completed.

Action needed by 28 January 2023.

- put in place effective systems to ensure that practitioners, and any other person who may have regular contact with children, are suitable, with particular regard to following up information on references.

On 2 February 2023, we visited the provider to monitor the action set. We found that the provider had improved her knowledge and understanding of safer recruitment procedures and now fully understands their responsibilities. We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
