

Compliance action taken for childcare provision

Ref: 141808/5362461

Date: 9 February 2023

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 January 2023, we received a notification from the provider. We conducted a regulatory telephone with the manager on where we found that the provider was not meeting some of these requirements. We therefore, issued a notice to improve. This is a notice that required the provider to take the actions below within the timescales set out. On 20 February 2023, the provider supplied us with a written response regarding the suitable action they had taken to address the breach in requirement. The provider will be able to give parents further information about this.

organise staff deployment to ensure that there are adequate staff available at all times to meet children's needs.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
