

Complaint about childcare provision

Ref: EY495028/5318824

Date: 24 February 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 November and 5 December 2022, we received concerns that the provider was not meeting some of the requirements.

On 20 February 2023, we carried out an unannounced regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has now reviewed their accident and injury procedures and ensured there are robust systems in place to support children with dietary requirements.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.
