

## **Compliance action taken for childcare provision**

Ref: EY481429/5391766

Date: 14 March 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 February 2023, the provider notified us of a significant event relating to an incident involving a child. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant changes or events.

On 13 March 2023, we carried out a regulatory telephone call. We found the provider had not met some of the requirements and had taken action to put this right. The provider has refreshed and improved staff training to ensure those responsible for handling and serving food are competent to do so. The provider has also introduced additional procedures at mealtimes to ensure the care of children with specific health needs are met. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
