

Compliance action taken for childcare provision

Ref: EY349257/5368212

Date: 14 March 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 06 February 2023, the provider notified us that there was a failure to comply with requirements for supervising children and to follow the medications procedure. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 22 February 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 24 March 2023:

- ensure children are within sight or hearing at all times
- implement an effective procedure for administering medication
- provide parents with clear information about the types of activities and experiences provided for children, this includes information about outings.

On 08 March 2023, the provider responded to the actions set. We found that the provider had improved their knowledge and understanding of child supervision requirements, has implemented an appropriate medications policy and provided parents with more detailed information about possible outings for children. We are satisfied the provider has met the

safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
