

Complaint about childcare provision

Ref: EY467388/5383901

Date: 14 March 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 February 2023 the provider notified us of a significant event relating to the safeguarding procedure. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events relating to safety of children.

On 1 and 7 March 2023, we carried out regulatory telephone calls. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider worked collaboratively with agencies responsible for safeguarding children. The provider also revised the safeguarding policy in relation to procedures to follow in the event an allegation is made against them. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.
