

Compliance action taken for childcare provision

Ref: EY489013/5403631

Date: 3 April 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 March 2023, the provider notified us of an incident where a child left the premises unsupervised. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 28 March 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. The provider will be able to give parents further information about this. We have issued an action for the provider to take.

Action needed by 29 March 2023:

- ensure procedures for collection time prevent children from leaving the premises unsupervised.

We received an appropriate response to the action from the provider. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
