

Compliance action taken for childcare provision

Ref: EY536975/5334935

Date: 4 April 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 February 2023, we carried out an inspection and found the provider was not meeting some of these requirements.

The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 4 April 2023, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

We found that the provider has improved their knowledge and understanding of child protection procedures and now fully understands their responsibilities. The provider has ensured that staff understand the whistleblowing policy and their safeguarding responsibilities so that concerns about children's safety are reported promptly. Staff have received additional support from the provider to implement an effective key person system. Staff know the children in their care well and can identify the next steps for children's learning. The provider has improved how children are supervised when playing outdoors, including the staffing arrangements to ensure children's needs are met. Staff have completed supervision sessions and attended targeted training to improve the learning experiences for children.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
