

## **Complaint about childcare provision**

Ref: 2660806/5407445

Date: 12 April 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 March 2023 the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events relating to the health and safety of children.

On 31 March 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider took immediate action to strengthen the risk assessment procedures and put additional measures in place to reduce the risk of injury from furniture. The provider also revised the indoor footwear policy and ensured staff received training and support.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
