

Compliance action taken for childcare provision

Ref: 2555137/5408319

Date: 18 April 2023

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 March 2023, we received a notification from the provider that a child had been able to leave the building and, for a few moments, was out of sight and hearing of staff. We conducted a regulatory visit to the setting on 18 April 2023. We found that the provider had not meet some of the requirements. However, during the visit it was apparent that the provider had taken immediate action to improve risk assessments to reduce the likelihood of such an incident reoccurring and was now meeting requirements. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
