

Complaint about childcare provision

Ref: 2521152/5411353

Date: 18 April 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 October 2022, 24 March and 31 March 2023 the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events relating to safeguarding.

On 14 April 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider took appropriate action to review and improve the arrangements in place for accidents. The provider has also increased supervision and monitoring of practice and ensured staff receive additional training and support.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
