

## **Compliance action taken for childcare provision**

Ref: EY556029/5409547

Date: 20 April 2023

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 March 2023 the provider notified us of a significant incident. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant incident.

On 13 April 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

We found that the provider has put effective systems in place to report, without delay, any concerns about a child or member of staff to the appropriate agencies. The manager has ensured that information is accessible to all staff.

Staff have received training, mentoring and support to help them to fully understand all aspects of their safeguarding responsibilities. They are aware of the signs and symptoms of abuse and know the action to take to report concerns. In addition, they understand and know how to follow the whistle blowing procedures. We are satisfied that the provider is meeting the requirements.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
