

Compliance action taken for childcare provision

Ref: 209539/5283897

Date: 15 March 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 October 2022, we received concerns that the provider was not meeting some of these requirements.

We suspended the provider's registration on 24 October 2022 because we believed children may be at risk of harm. Suspension allows time for the provider to take steps to reduce or eliminate the risk of harm to children. The provider has a right to appeal against a suspension. The provider may not provide childcare for which registration is required while the suspension is in place and may commit an offence if they do so. On 13 January 2023, we issued a notice of intention to cancel the provider's registration. The provider objected to us taking this step. Having considered the provider's reasons for objecting, we have decided to proceed with cancellation. On 8 March 2023, we issued a notice of intention to cancel the provider registration. On 5 April 2023 the providers registration was cancelled. They are no longer registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
