

Complaint about childcare provision

Ref: EY462126/5419466

Date: 2 May 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 April 2023, we received concerns that the provider was not meeting some of these requirements.

On 24 April 2023 and on 2 May 2023, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has recalculated the indoor space requirements and the number of children allocated to each room to ensure that the premises requirements are met and that equipment is organised in a way that meets the needs of children. Going forward, retrospective planning has now been sought for the changes made inside the building to provide an additional floor for storage use.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
