

Complaint about childcare provision

Ref: 218446/5427059

Date: 3 May 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 April 2023, the provider notified us of an injury to a child. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. On 21 April 2023 we received concerns that the provider was not meeting some of the requirements relating to a child injury.

On 3 May 2023 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. This is because they have undertaken additional training with staff to ensure that any accidents or incidents involving children are recorded and fed back to parents as required.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
